ITCHING AND  
BURNING RASH

Started on Chest. Then on Left  
Shoulder and Arm. Nearly Driven  
Crazy. Used Cuticura Soap and  
Cuticura Ointment. Rid of Rash.

394 Anawan St., Fall River, Mass.—

"My trouble started mostly on the front of  
my body and on my chest. It was just  
brown spots at first and  
it looked like freckles, and  
then they seemed to run  
together and they looked  
like a rash of some kind.  
It did not trouble me for  
almost a year and then my  
upper lip and my face  
broke out and it was itchy  
and burning all the time. I  
used Cuticura Soap and  
Cuticura Ointment and it  
took two months to get rid  
of the eruption." (Signed)  
Mrs. Katie F. Sullivan, Apr. 12, 1913.

Cuticura Soap 25c. and Cuticura Ointment  
50c. are sold everywhere. Liberal sample  
of each mailed free, with 32-p. Skin Book. Ad-  
dress post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuti-

MINE GUARDS  
GIVE UP ARMS

Machine Guns and Rifles  
Turned in to U. S.  
Troops

THE DISTRICT NOW  
UNDER CONTROL

Process of Disarmament Is  
Proceeding Peace-  
ably

Trinidad, Col., May 8.—Three hundred  
rifles and three machine guns, constitut-  
ing the first instalment of the weapons  
with which mine guards in southern Col-  
orado have been armed during the long  
coal strike, were turned over to United  
States troops here yesterday in accord-  
ance with the disarmament order of Sec-  
retary of War Garrison. The remainder  
of the guards' weapons will be surren-  
dered by to-night.

The authorities are disposed to give  
up their arms. Major W. A. Holbrook,  
representing Colonel James Lockett, in  
his address to the strikers at the vari-  
ous camps Wednesday and yesterday  
explained the power of the United States  
government, and said the president's or-  
ders must be obeyed. He urged miners  
who had buried rifles in the hills to re-  
cover and surrender them at once.

Major Holbrook was received with  
cheers everywhere, the strikers showing  
the utmost friendliness. Sixty strikers' rifles and revolvers  
were turned over to the troops at Wal-  
denburg yesterday. William Diamond,  
strike leader, said 300 rifles and 20,000  
rounds of ammunition, now under con-  
signment to the union from New York,  
would be turned over to the military au-  
thorities on arrival. These are the only  
weapons the union controls, he said, the  
others being the individual property of  
strikers.

The whole southern Colorado strike  
district from Aguilar to Safford is un-  
der military patrol. The troops are  
watchful, scouting parties combing the  
hills. There has been no sign of trou-  
ble. The arms of the mine guards in the  
northern Colorado field were sur-  
rendered Wednesday night.

Washington, May 8.—The first report  
on the process of disarmament in the  
Colorado coal strike district was received  
at the war department yesterday.

Major Symmonds, in command of the  
district of Boulder county, above Den-  
ver, advised Secretary Garrison that he  
now has in his possession more than 100  
shotguns, revolvers and rifles, surren-  
dered at Lewisville and Frederick. Ma-  
jor Symmonds has requested authority  
to send these arms to Fort Logan.

ROME PLEASED WITH TREATY.

Excellent Impression Produced in Italy  
by Pact Signed at Washington May 5.

Rome, May 8.—The signing at Wash-  
ington May 5 of a new peace treaty be-  
tween the United States and Italy is  
commented upon favorably here. The  
Sottiere d'Italia in its issue of yesterday  
says an excellent impression has been  
produced throughout Italy. The ques-  
tion is one of great importance, the  
paper continues, particularly as Italy,  
among the powers of Europe, has a deep  
interest in the labor situation in the  
United States. The Marquis di San  
Giuliano, minister of foreign affairs, has  
congratulated Thomas Nelson Page, the  
American ambassador, on the conclusion  
of this convention, telling him it is a  
long step in the direction of Italo-  
American amity.

"TIZ" FOR ACHING,  
SORE, TIRED FEET

"TIZ" Is Grand for Puffed-Up, Tender,  
Sweaty, Calloused Feet and  
Burning Corns.

"Ah! Boys,  
'TIZ' is the  
thing!"

People who are forced to stand on  
their feet all day know what sore, ten-  
der, sweaty, burning feet mean. They  
use "TIZ," and "TIZ" cures their feet  
right up. It keeps feet in perfect con-  
dition. "TIZ" is the only remedy in  
the world that draws out all the poison-  
ous exudations which puff up the feet  
and cause tender, sore, tired, aching feet.  
It instantly stops the pain in corns, cal-  
louses and bunions. It's simply glorious.  
Ah! how comfortable your feet feel after  
using "TIZ." You'll never limp or draw  
up your face in pain. Your shoes won't  
tighten and hurt your feet.  
Get a 25 cent box of "TIZ" now from  
any druggist, department or general  
store. Just think! a whole year's foot  
comfort for only 25 cents.—Adv.

WHEAT REPORT  
SHOWS BIG GAIN

The Indicated Yield Per  
Acre Is 17.8  
Bushels

AREA IS LESS,  
YIELD IS MORE

37,387,000 Acres Are Yet  
to Be Har-  
vested

Washington, May 8.—An agriculture  
department crop report issued yesterday  
made the following estimates of crop  
conditions on May 1:

Area of winter wheat to be harvested,  
about 35,387,000 acres, or 3.1 per cent  
less than the area planted last year,  
but 11.6 per cent more than the area  
harvested last year, namely 31,699,000  
acres.

Condition of winter wheat, 95.9, com-  
pared with 95.6 on April 1, and 85.5 for  
the 10 year average. A condition of  
95.9 is indicative of a yield per acre of  
approximately 17.8 bushels. On the esti-  
mated area to be harvested a yield of  
17.8 bushels per acre would produce 630,  
000,000 bushels, or 20.3 per cent more  
than in 1913.

The first official bulletin on this sea-  
son's crops was issued early in April,  
indicating a condition and acreage of  
winter wheat on April 1 which promised  
almost a phenomenal yield of this cereal.  
The April 1 report showed an area of  
36,506,000 acres planted to winter wheat,  
with an estimated yield of 650,000,000  
bushels, a new record.

O'GORMAN IN  
LONG TOLLS TALK

New York Senator Tells Why American  
Ships Should Be Exempted  
from Tax.

Washington, May 8.—Senator O'Gor-  
man, chairman of the interoceanic canals  
committee, and leader of the forces op-  
posed to the repeal of the toll exemption  
clause of the Panama canal act, gave the  
Senate yesterday the legal, economic,  
and political reasons for his opposition.  
In a three-hour speech, the senator  
discussed exhaustively every phase of  
the subject. He discovered no ground in  
international law which would forbid  
exemption of American coastwise ships  
from toll payment, saw behind the re-  
peal movement the hand of the railroads,  
and declared that a failure to impose a  
tax could not be called a subsidy.  
The senator warned his Democratic  
colleagues that to repeal the exemption  
was to violate the pledges of the Balti-

more platform and to reverse the verdict  
of the people when they elected Presi-  
dent Wilson last November on that plat-  
form.

Senator O'Gorman said that inasmuch  
as former President Roosevelt and Taft  
and a preceding Congress agreed that re-  
coastwise vessels should be exempt,  
another Congress should think twice be-  
fore giving its approval to the repeal  
bill, for it in turn might find itself re-  
versed by a Congress yet to be elected.
